

When you buy pasture seed, what are you really paying for?

Kilogram for kilogram, Progarden delivers more Pure Live Seed for every dollar you spend. Three times more, in fact, so you don't have to spend a fortune to get a paddock full of productive pasture.

	Percentage of seed per kilogram	Typical Percentage of Pure Live Seed (PLS)	RRP per kilogram	Planting rate* (kg/ha)	Actual cost to achieve 1kg Pure Live Seed/ha
Progarden <i>Desmanthus</i> (uncoated)	100%	78%	\$28.00	1.3	\$35.90
Commercial coated <i>Desmanthus</i> seed	33%	24%	\$20.00	4.1	\$88.33

** Planting rate to achieve 1kg of Pure Live Seed per hectare. Commercial recommendations are for 2-4kg/ha of uncoated seed.*
